Finally here we are: We have the great pleasure to meet all of us for this 3rd edition of the World Company Sports Games.

The great pleasure of treading the grounds of the Olympics and discovering the tourist and cultural heritage of Greece.

The great pleasure of parading together in this legendary Panathenaic Stadium under the banner of your company and your nation.

The great pleasure to see you exercise your talents on the grounds and historic facilities of these Games. Welcome everyone, what pride to have been able to bring together all these athletes, all these nations after this pandemic context which has affected us all.

Thank you to the organizers, to the Greek government authorities, to our Greek friends for their sense of resilience, listening and their capacity of partnership. Being able to make possible these World Company Sports Games in these very special circumstances is already a success.

Have a good stay and good sport time to all of you, give your best and be proud to be part of these World Company Sport Games in Athens.

Didier Besseyre - WFCS President

I feel truly moved and proud! In its effort to support the vision of the Hellenic Organization for Company Sport & Health, namely to promote the development of work sport practice, our small group of excellent associates have made a dream come true: we managed to organize this grand international athletic event of Work Sports against the odds of such demanding and challenging conditions!

Having at our side the World Federation and the Greek State, who supported us every step of the way, we managed to assemble thousands of sports aficionados to Attica.

They have arrived from 36 countries to honor us with their participation and help us reopen the stage of major events promoting health and well-being in professional environments.

Olympic venues and facilities are revived, Stadiums are filled again and here we are, hosting the 3rd World Company Sports Games event in Greece!

I would like to warmly thank the Minister of Culture and Sports, Mr. Lefteris Avgenakis, and the Governor of the Region of Attica, Mr. Giorgos Patoulis for the full and indefatigable support in this venture, and for their faith in us.

I congratulate you all for your love for Work Sports; it is an honor for us to be welcoming you to enjoy this international celebration.

We look forward to seeing you all at opening of the Games!

Spiros Karavoulis – President of the Organizing Committee of the Athens 2021 WCSG
