WELCOME

Didier Besseyre

EFCS President

Following the 2025 Games in Calvià, the European company sport community will gather once again in 2027 in the iconic city of Athens. As the birthplace of the Olympic movement and a city well accustomed to hosting major international events, Athens and the Hellenic Organization for Company Sport & Health (HOCSH) have all the necessary assets to ensure the success of this event: recognised sports facilities, solid organisational expertise and a strong sense of hospitality form the foundations of this forthcoming edition. The city already demonstrated its know-how by successfully hosting the World Company Sport Games in 2021.

In a challenging international context, choosing to come together in Athens for the European Company Sport Games will provide an opportunity to reaffirm and promote our shared values of cohesion, respect and collective well-being through sport. Athens promises a strong, reliable and well-managed sporting organisation. It also offers a unique human and cultural experience, combining ancient heritage, gastronomy, hospitality and a Mediterranean atmosphere.

This 2027 edition is already shaping up to be a major highlight in the European company sport calendar. We look forward to welcoming many of you to celebrate sport, exchange and the European spirit together in a fair and festive atmosphere.

*See you in

Marios Themistocleous

Deputy Minister
of Health

It is a great pleasure to support the 26th European Company Sport Games – ECSG Athens 2027 and to welcome participants from across Europe to Athens, a city with sport and the Olympic tradition deeply rooted in its history.

For us at the Ministry of Health, this event also carries a very clear message: health is not built only in hospitals. It is built every day. It is built through prevention, through physical activity and through the choices we make in our daily lives. And since we spend a significant part of those lives at work, the workplace has an important role to play.

This is why company sport matters. It gives people a reason to be active, but it also does something more: it brings colleagues together, builds stronger teams and contributes to better physical and mental well-being.

I congratulate the European Federation for Company Sport, the Hellenic Organization for Company Sport & Health and everyone working to make Athens 2027 a success.

GREECE

Athens

Surrounded by a lining of stunning seas and mountains, this safe and travel-friendly city is filled with treasures just waiting to be discovered: renowned archeological sites, modern and classical art museums and galleries, spas, chic shops, restaurants and bars, street markets and bazaars, open-air cinemas, sandy beaches, picturesque Greek islands in close proximity and 300 sun-drenched days.

Arts & Culture

The city's rich classical tradition and its geographical location - at the crossroads of cultures - have always lent it a formidable platform for artistic expression. That high regard for the arts continues today, with a mushrooming of modern innovations. Every year, the city's cultural calendar presents exhibits and festivals of international scope, original productions and notable artistic happenings.

Sightseeing

Athens takes the fuss out of sightseeing. It is a user-friendly town thanks to the pleasant demeanor of the English-speaking Athenians and the easy to use and manageable transportation system. The visitor can see a lot in one day. Archaeological Sites & Classical Greek Monuments, Byzantine Monuments & Ottoman Monuments, Museums, Art Galleries, street performances, festivals. For all people visiting Athens, the Acropolis remains a "must see", along with Panathenaic Stadium for the sport's side of ancient history.
